

## **REQUIREMENTS FOR OBTAINING A BUILDING PERMIT**

1. Proof of ownership or authorized agent representing property is required.
2. Complete and sign the *Professional Services Agreement*.
3. The applicant must complete a Uniform Zoning/Construction Permit Application (attached). All questions must be completed since all information provided determines issuance of the permit.
4. Two (2) sets of Building Plans and list of Materials must be submitted with the application.
5. Two (2) sets of a Plot Plan on a separate sheet showing size and location of all structures, either on-lot sewage or public sewer tie in, on-lot water well, driveways, patios, and distance to property lines (hand drawn is acceptable).
6. Copy of Workers' Compensation Certificate. (See attached form)
7. Copy of the Erosion and Sedimentation Plan and approval letter from the County. Depending on the area of the expanded footprint, stormwater management may be necessary.
8. If the application is for a New Home, a septic system permit issued by the Sewage Enforcement Officer or evidence of a tapping or connection fee being paid to the respective public sewer entity must be submitted with the application. A road-crossing permit may be required for excavating to a sewer tap or water tap. Check with LTL staff for requirements in your Municipality (local and State).
9. A copy of the well permit issued by the authorized well permit department (if other than LTL), must be attached.
10. If the application is for additions involving bedrooms, Sewage Enforcement Officer must also verify by letter, the adequacy of existing on lot septic systems prior to the issuance of permit.
11. An Electrical Permit is required with all residential and commercial building permits. The application will be provided with the permit application.
12. A Plumbing Permit is required with all residential and commercial building permits. The application will be provided with the permit application.
13. A Driveway Permit is required for any new driveway or significant expansion or improvement. If the driveway abuts a State Route, a PennDOT Highway Occupancy Permit is required.
14. The applicant should have stakes placed at the corners where the structure is to be built. The building inspector will check this stakeout before the building permit will be issued.
15. If the proposed construction is for a non-residential building, a Land Development Plan is required.

16. If a Non-Residential building is to be constructed, the application must submit a set of construction drawings to which an architect or engineer has applied his seal.

Most Permit fees are based on square footage using the rate in the Municipality Fee Schedule. Payment is required upon issuance of permit and prior to construction. All fees shall be payable to the Municipality.

Commercial permits shall be granted or refused within 30 days as per the Uniform Construction Code requirements after the written application has been submitted and determined complete. **LTL makes every effort to process and issue residential permits within 10 working days. Questions regarding permits can be directed to LTL @ 610-987-9290 or 888-987-8886.**

**Remember PA One-Call before excavating; simply dial 811, or [www.paonecall.org](http://www.paonecall.org).**
